

COLA ZERO

Cola Zero Baladin is a sugar-free soft drink.

It is produced with Kenema kola nuts (from Africa), a Slow Food Presidium.

It is characterized by its amaranth red color, typical of the kola fruit.

Free of coloring agents and preservatives, it has a pleasantly citrus scent and the typical cola taste with just the right amount of sweetness.

Part of the proceeds from the sales is donated to the Slow Food Foundation to support the Kenema Presidium and other projects in Africa.

Pairings

Cola Zero Baladin is ideal for a refreshing drink and to sip with snacks.
