

ESPRIT BALADIN

A limited edition of the Baladin beer spirit featuring the Italian hop flowers from our fields in Piedmont, added with the cold hopping technique. Bright and straw-yellow, it preserves the smoothness of the original spirit, and at the same time presents delicate, slightly bitter herbaceous notes.

Experimenting through beer...

Once again, Teo shows that his desire to try and dare has no limits: in December 2013, Esprit Baladin joins Esprit de Noël. It is produced with a cold infusion of hops - a step that follows distillation. The result? A new excellent product made from beer and master Teo's creativity.

Pairings

Sit in a quiet place, take a TEKU, stop for a moment to look at this beer spirit and its color, similar to old amber, and appreciate each and every scent coming out of the glass: this is the best way to enjoy Esprit Baladin. Serve it to your guests at the end of a meal to finish the evening with a touch of class.
