

TONICA AL FUMO

Tonica al Fumo Baladin is the ideal choice for those who like the crisp and bitter taste of tonic water with a touch of smokiness. Its unique aromatic profile comes from an extract of toasted oak wood, obtained from the processing of barrels. The smoky note is complemented by an intriguing woody profile.

Pairings

A great ingredient to make alcohol-free cocktails with an eccentric yet delightful, fruity and smoky taste. Perfect for a bold Gin Tonic.
